Corporate Profile

RBC Bearings Incorporated

We are an international manufacturer and marketer of highly engineered precision bearings and products, which are integral to the manufacture and operation of most machines, aircraft and mechanical systems, to reduce wear to moving parts, facilitate proper power transmission, reduce damage and energy loss caused by friction and control pressure and flow. While we manufacture products in all major categories, we focus primarily on highly technical or regulated bearing products and engineered products for specialized markets that require sophisticated design, testing and manufacturing capabilities. We believe our unique expertise has enabled us to garner leading positions in many of the product markets in which we primarily compete. Over the past fifteen years, we have broadened our end markets, products, customer base and geographic reach. We currently have 43
