<sup>&</sup>quot;We are very pleased with the results of our fourth quarter. Both sales and operation efficiencies showed significant gains over last year and are the result of continued improvement in demand for products from our core markets, new product introductions and the maturing of many operating efficiency initiatives," said Dr. Michael J. Hartnett, Chairman and Chief Executive Officer. "We expect further strengthening of our core markets thru our fiscal year and are pleased to be planning an expansion of production rates in many of our plants."

#### **Fourth Quarter Results**

Net sales for the fourth quarter of fiscal 2011 were \$88.9 million, an increase of 11.4% from \$79.8 million in the fourth quarter of fiscal 2010. Gross margin for the fourth quarter was \$30.3 million compared to \$25.1 million for the same period last year. Gross margin as a percentage of net sales was 34.1% in the fourth quarter of fiscal 2011 compared to 31.5% for the same period last year. The increase in gross margin percentage was mainly driven by the current recovery in our industrial and aerospace businesses offset by costs associated with our expansion into large bearing products.
